

SUIZA**Dear**

My name is **Mateo Sixto**, a Financial Attorney based in Madrid Spain. Before I proceed, I must first make apology for this unsolicited letter to you. I am aware that this is not a conventional way of approach to establish a relationship of trust but because of the circumstances and urgency surrounding this claim. Actually, I got your contact information through your country's public records while searching for a last name similar to my late client, **Mrs. Sarina Mostosi**, a business magnate who lived in Spain for over 25 years, and died in Haiti during the earthquake in 2010, while on a business trip.

Before her death, she deposited the sum of **€11.6M (Eleven Million, Six Hundred Thousand Euros Only)** with a finance house here in Spain. The finance house has mandated me to present any family/heir/inheritor for claim; otherwise the fund will be confiscated as an unclaimed fund. So I decided to search for any of her relative which has been unsuccessful, as she did not declare any other person, address, partner or relatives in the official paper works of her deposit.

Against this backdrop, my suggestion to you is that I will like you to and as the next of kin to **Mrs. Sarina Mostosi**, since you both share the same last name so that the fund will be released to you. With my position as her lawyer, I will prepare every legal document that will assist your claim, and facilitate the release of the fund to you.

Note: This transaction is 100% legal. There is no risk in connection to this business as I have worked out all modalities to complete the transaction successfully. Once the fund is released to you, we shall share it in the ratio of 45% for me, 45% for you and 10% to be donated to charity organization for the needy. If you are willing to collaborate with me, kindly send your response to my private **Email: mateosix@consultant.com** or you can also call me; **Tel: +34-631-331-628**, for further clarification.

Kindest Regards,
