Dear SwissID user,

Have you ever found yourself filling out a form online – and then you are asked to print it out, sign it and send it in by post? Sometimes you may even be asked to go and visit your municipality or a public authority in person to submit an application or other documents.

We help you make your daily chores with numerous online services and public authorities easier and more digital – thanks to SwissID.

Once your identity has been successfully verified via the SwissID App, you can use your SwissID account **to prove your identity online at any time** and benefit from the following advantages:

Sign contracts and **documents** online around the clock. This signature is legally valid under Swiss law – plus, new customers get 5 signatures for free.

Order your **debt collection register extract** with zero hassle via the SwissID App. You receive your extract within 24 hours via e-mail and can use it as many times as you like.

Handle your admin (e.g. submitting applications) or other services digitally at a growing number of **cantons and online providers**, outside regular business hours.

Download the SwissID App now and start the online identification process

If you have your smartphone and passport on hand, you are good to go.
